Honobia Creek WMA (continued)

- OHV/ATVs may be driven on roads owned and maintained by John Hancock Mutual Life Ins. Co. and Rayonier Forest Resources and managed by the Department as the Honobia Creek WMA. A "maintained road" open for vehicle and ATV use is any permanent road not gated and locked or closed with an earthen mound. Additionally, a "maintained road" will be constructed with man-made ditches on one or both sides of the road to control rainwater runoff, and will not have vegetation present on the road that would impede easy travel by a two-wheel drive automobile.
- OHV/ATV use on county or state roads within the confines of the Honobia Creek WMA must comply with state requirements for street legal vehicles.
- Motor vehicle travel, including ORVs and ATVs on roads which are gated and locked, closed by an earthen mound, or otherwise designated as closed is prohibited.
- The WMA boundaries may change. See wildlifedepartment.com for a current map.
- Hunter and angler camping is allowed within 50 yards of open roads.
- For additional information, contact Kyle Johnson, (918) 527-5308.
