SCOPE OF WORK

Foundation Repair: includes measuring and leveling of existing foundation for the main office building, Bidder's Response shall include Supplies and Labor for the Durant State Fish Hatchery in Caddo, Ok.

1. GENERAL REQUIREMENTS

The foundation of the main office building has settled and cracked and we are needing a supplier to use either piers or foam to bring the foundation level again. All supplies and labor should be included in the bid response.

As required by Section 70914 of the infrastructure Investment and Jobs Act (BABA - Buy America Build America Act. Pub. L. 117-58) the successful Contractor must sign and return Attachment A with their bid certifying that they are compliant with all Buy America Requirements.

Bidder must provide a written solution within the bid response and to level the foundation of the office building. A cost effective solution should be provided before work will take place. The foundation should be leveled, so as to prevent any further settling and damage to the building.

Project must be completed before June 1, 2025 or shortly thereafter for the work to be completed.

Building foundation should be leveled repairing any current foundation leaks.

Contract will be awarded to one vendor. Vendor must supply all equipment listed on this contract.

The contract will be issued by the Office of Management and Enterprise Services, Construction and Properties Division (OMES/CAP). The Contractor shall not begin work until the contract is in place and written notice to proceed has been issued by OMES/CAP.

Bids are invited as stated on the solicitation cover sheet and must be returned by the date and time specified. Late bids will not be considered. All bids must be accompanied by the Affidavit, attached.

Insurance: The successful bidder will be required to provide certificates of insurance for general liability, vehicles and worker compensation in the amounts specified in the contract (attached) immediately upon notification that they are the successful bidder. A contract will not be issued without the required proof of insurance.

Basis of Contract: The determination of the Lowest Responsible Bidder will be made based on the lowest, total project cost, along with proposed time to complete the work. Failure to submit a complete bid, inclusive of affidavits and requested information, may disqualify the bidder. ODWC reserves the right to make any inquiries to insure that the lowest bidder is actually able to complete the work in a satisfactory manner.

ODWC reserves the right to make any inquiries to insure that the lowest bidder is actually able to complete the work in a satisfactory manner.

Terms and conditions: As stated in the contract.

This is a **NO** bid bond for this project.

Change Orders: Changes in the work shall not be undertaken without prior written authorization. Field personnel are not authorized to modify the scope of work in any way or to issue change orders to this contract. Contractor shall submit a written request for a proposed change, the reason for the proposed change and the increase or decrease in price and time required as a result of the change. Cumulative changes that exceed the original contract price by more than 15% are prohibited by Oklahoma law.

Invoicing and Project Communication: All work-execution related communications must go through the Agency Representative. Project invoices shall be sent to the Agency Representative at the following address and attention:

Stacey Priest
Durant State Fish Hatchery
2021 Caddo Hwy
Caddo, OK 74729

2. EXECUTION

Scheduling: Provide Agency Representative with proposed work schedule prior to beginning work.

Travel: Operator will not be compensated for travel to and from work sites.

Closeout: At completion of the work, conduct final inspection with Agency Representative. Complete any corrective work as directed.

For questions during the bid process direct your questions in writing to the following CPO, email: susan.mecham@odwc.ok.gov by Thursday, March 27th 2025 by 10:00AM, the last day for questions, Central Standard Time. No questions will be taken by phone, all questions must be in writing only.

SUPPLEMENT TO GENERAL CONDITIONS OF THE CONTRACT: [General Conditions of the Contract](#)

DOMESTIC PROCUREMENT REQUIREMENTS FOR INFRASTRUCTURE PROJECTS THAT ARE FUNDED IN WHOLE OR IN PART BY FEDERAL FUNDS UNDER BUY AMERICA BUILD AMERICA

As required by Section 70914 of the Infrastructure Investment and Jobs Act ([BUY AMERICA BUILD AMERICA ACT Pub. L. 117-58](#)) and related statutes and regulations, on or after May 14, 2022, the funds under a federal award for infrastructure projects must not be obligated unless all the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. If any part of the project is funded by a federal award, then the entire project must meet the Buy America Build America provisions. This requirement is hereby expressly and formally incorporated into ODWC's *General Conditions of the Contract*, any contract that ODWC is party hereto and into all ODWC subawards under this program, including all contracts and purchase orders for work or products.

I. REQUIRED USE.

A. Steel and Iron Products:

All iron and steel used in the project must be produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, must have occurred in the United States. This includes the processes of epoxy coating, galvanizing, painting, or applying any other coating that protects or enhances the value of the coated material and that are permanently incorporated into the completed project. The Contractor shall provide certification that the steel/iron is domestically produced.

B. Manufactured Projects:

All manufactured products used in the projects must be produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation. The Contractor shall provide certification that the construction materials defined under BABA are domestically produced.

C. Construction Materials:

All construction materials used in the project must be manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States. This includes the components of the manufactured product, which must also be mined, produced, or manufactured in the United States.

II. BIDDER/OFFEROR AND CONTRACTOR OBLIGATIONS.

A. Required Certifications:

At the outset, the Bidder or Offeror must submit a certification of assurance of compliance with BABA, attached hereto as Exhibit A. After work is completed on the project, the Contractor must

submit an additional certification to ODWC with the following information, also reflected in Exhibit B:

"I hereby certify that all construction materials furnished to the Oklahoma Department of Wildlife Conservation for the construction of the above referenced project that are required to be compliant with the Build America Buy America Act have been produced in the United States of America as defined by §70912 "Definitions" of the Infrastructure and Investment Jobs Act (IIJA) (Public Law 117-58 - Nov. 15, 2021). I further certify that all supporting documentation is on file and will be maintained for a period of five (5) years after project completion."

B. Assumption of Risk:

The Contractor assumes the risk of including any foreign materials that are not exempt from this requirement, including iron or steel. ODWC may request to review the Contractor's supporting documentation to verify compliance with BABA at any time. The Contractor shall provide the supporting documentation within five (5) business days of the request. The burden of proof to meet the BABA provisions rests on the Contractor. If the supporting documentation does not undeniably demonstrate to ODWC that the iron or steel, manufactured products, or construction materials identified in the Certificates of Compliance were produced in the United States of America, then such iron, steel, manufactured products or construction materials may be considered unacceptable and must be replaced by the Contractor at no cost to ODWC. The Contractor shall not anticipate that any BABA preference provisions will be waived.

C. Removal Due to Non-Compliance:

The Contractor has the obligation to remove and replace non-BABA compliant material unless a waiver is granted for the use. No claims for contract adjustment (additional time, money, or both) will be made because of the non-compliant material. The Contractor shall provide certification that all materials defined under BABA are domestically produced.

More information on BABA requirements may be found here: [BABA - Federal Financial Assistance](#).

More information on BABA requirements for projects funded directly under the DOI may be found here: [USFWS Award Terms and Conditions May 14, 2022](#) and ["Buy America" Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#).
