## **SCOPE OF WORK**

### **Services – Upgrade Electrical Components**

**South Central Region Fisheries Shop Building  
2021 Caddo Hwy, Caddo OK 74729**

#### **1. GENERAL REQUIREMENTS**

The proposed is a turnkey project to update electrical components in existing shop building to include new breaker panel and breakers, lighting, plugs, and switches. Attached schematic provides building and room dimensions as well as where components are located. Power comes into the building as 3 phases but can be stepped down to single phase panel (drop high leg). Contractor may use existing conduits where present and retain identified (see schematic) plugs/switches if deemed up-to-code and more convenient and/or cost effective (see schematic, KP). Contractor is responsible for determining which components and wiring are up-to-code, safe, and sufficient for the intended use. The contractor will supply and install all components necessary for this project. Panel needs to be a minimum of 200Amp, 40 circuit. New components will include a total of fourteen (14) TS LED light fixtures (4 bulb), seven (7) outdoor overhead lights above doors, eighteen (18) duplex plugs, two (2) GFI switches, ten (10) switches, and metal conduit as needed. The Contractor is required to make site visit prior to submitting bid. All components must comply with the Federal Buy American Act utilizing components built or manufactured in the United States. Work should be completed by June 15, 2025.

**Contract Specifications:** Contractor Is to provide all labor and needed equipment to complete the work as required.

**The Contractor is required to make a site visit prior to submitting bid. Please contact Matt Mauck to arrange a date and time:**

Site Location: 2021 Caddo HWY, Caddo, OK 74701

Local Contact: Matt Mauck, Regional Fisheries Supervisor 580-924-4087

**The contract will be awarded to one vendor. If the vendor is awarded multiple ODWC projects, they must be capable of completing each project as required by contract documents.**

Work cannot be started until the notice to proceed is awarded. **The job must be completed before June 15, 2025.**

**Insurance:** The successful bidder will be required to provide certificates of insurance for general liability, vehicles and worker compensation along with bonds listed in the project manual general conditions immediately upon notification that they are the successful bidder. A contract will not be issued without the required proof on insurance.

**Basis of Contract:** The determination of the Lowest Responsive Bidder will be made based on the lowest extended price.

ODWC reserves the right to make any inquiries to ensure that the lowest bidder can complete the work in a satisfactory manner.

The contract will be issued by the Office of Management and Enterprise Services. Construction and Properties Division (OMES/CAP). The contract is in place and written notice to proceed has been issued by OMES/CAP.

**Terms and conditions:** As stated in the contract.

**Invoicing and Project Communication:** All work-execution-related communications must go through the Agency Representative. Project invoices, including the attached Form G109, Affidavit for Payment, shall be sent to the Agency Representative at the following address and attention:

## OKLAHOMA DEPARTMENT OF WILDLIFE CONSERVATION (ODWC)

### SUPPLEMENT TO GENERAL CONDITIONS OF THE CONTRACT: [General Conditions of the Contract](#)

#### DOMESTIC PROCUREMENT REQUIREMENTS FOR INFRASTRUCTURE PROJECTS THAT ARE FUNDED IN WHOLE OR IN PART BY FEDERAL FUNDS UNDER BUY AMERICA BUILD AMERICA

As required by Section 70914 of the Infrastructure Investment and Jobs Act ([BUY AMERICA BUILD AMERICA ACT Pub. L. 117-58](#)) and related statutes and regulations, on or after May 14, 2022, the funds under a federal award for infrastructure projects must not be obligated unless all the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. If any part of the project is funded by a federal award, then the entire project must meet the Buy America Build America provisions. This requirement is hereby expressly and formally incorporated into ODWC's *General Conditions of the Contract*, any contract that ODWC is party hereto and into all ODWC subawards under this program, including all contracts and purchase orders for work or products.

#### I. REQUIRED USE.

##### A. Steel and Iron Products:

All iron and steel used in the project must be produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, must have occurred in the United States. This includes the processes of epoxy coating, galvanizing, painting, or applying any other coating that protects or enhances the value of the coated material and that are permanently incorporated into the completed project. The Contractor shall provide certification that the steel/iron is domestically produced.

##### B. Manufactured Projects:

All manufactured products used in the projects must be produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation. The Contractor shall provide certification that the construction materials defined under BABA are domestically produced.

##### C. Construction Materials:

All construction materials used in the project must be manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States. This includes the components of the manufactured product, which must also be mined, produced, or manufactured in the United States.

#### II. BIDDER/OFFEROR AND CONTRACTOR OBLIGATIONS.

##### A. Required Certifications:

At the outset, the Bidder or Offeror must submit a certification of assurance of compliance with BABA, attached hereto as Exhibit A. After work is completed on the project, the Contractor must

submit an additional certification to ODWC with the following information, also reflected in Exhibit B:

*"I hereby certify that all construction materials furnished to the Oklahoma Department of Wildlife Conservation for the construction of the above referenced project that are required to be compliant with the Build America Buy America Act have been produced in the United States of America as defined by §70912 "Definitions" of the Infrastructure and Investment Jobs Act (IIJA) (Public Law 117-58 - Nov. 15, 2021). I further certify that all supporting documentation is on file and will be maintained for a period of five (5) years after project completion."*

**B. Assumption of Risk:**

The Contractor assumes the risk of including any foreign materials that are not exempt from this requirement, including iron or steel. ODWC may request to review the Contractor's supporting documentation to verify compliance with BABA at any time. The Contractor shall provide the supporting documentation within five (5) business days of the request. The burden of proof to meet the BABA provisions rests on the Contractor. If the supporting documentation does not undeniably demonstrate to ODWC that the iron or steel, manufactured products, or construction materials identified in the Certificates of Compliance were produced in the United States of America, then such iron, steel, manufactured products or construction materials may be considered unacceptable and must be replaced by the Contractor at no cost to ODWC. The Contractor shall not anticipate that any BABA preference provisions will be waived.

**C. Removal Due to Non-Compliance:**

The Contractor has the obligation to remove and replace non-BABA compliant material unless a waiver is granted for the use. No claims for contract adjustment (additional time, money, or both) will be made because of the non-compliant material. The Contractor shall provide certification that all materials defined under BABA are domestically produced.

More information on BABA requirements may be found here: [BABA - Federal Financial Assistance](#).

More information on BABA requirements for projects funded directly under the DOI may be found here: [USFWS Award Terms and Conditions May 14, 2022](#) and ["Buy America" Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#).
