SCOPE OF WORK

Black Kettle Cedar Tree Removal Project Waterways for Wildlife

1. General Requirements

Each unit will be bid on as its own turnkey project.

Work will be completed within 90 days from notice to proceed only as to not impact endangered species that utilize the area.

Removal of all Eastern red cedar, black locust, Russian olives, and salt cedar from the project areas, as described in attached maps, to ground level and below the lowest growing limb. Removal is defined as: mastication, chipped, hand removal, cut, or use of any other method to physically remove the plant to prevent regrowth. Masticated material will average no more than 3'' in depth on the ground. All deciduous fruiting species such as hackberry, rough leaf dogwood, bumelia, western soapberry and elm will also be removed if diameter breast height is less than 6''. Machinery will be restricted to rubber tracked vehicles only.

Remove all woody species within 75' from the trunk around all cottonwood trees, except if designated as leave trees. All slash shall be removed, masticated, or chipped within 75' of any cottonwood tree.

Creek crossings should be limited and coordinated with operators and inspecting staff to minimize bank erosion.

Hand crew work will be required in archeological sites as designated by maps and will be flagged on the ground prior to work being started. Hand work will also be required in areas inaccessible to machinery due to terrain, wet soils, within proximity to leave trees, and tree density situations. Handwork in these areas will be at the discretion of the operator and inspecting staff on a case-by-case basis. Lop and scatter is permitted for removal as slash. Slash shall be cut at ground level and length of pieces is not to exceed 48'' in length and 18'' high.

There should not be any damage to cottonwoods or leave trees, however if it occurs should be reported to the inspecting staff within 24 hours.

Any dead standing red cedar or black locust shall be removed by one of the described methods for removal.

In the event of high fire danger operations may be limited or shut down until conditions improve. Inspecting staff and operator shall work with the US Forest Service Black Kettle National Grassland to get signed documentation to continue operations in the event of closure order to chainsaw and machine operations.

Project acreage is depicted per project unit on the associated maps.

2. Bidding Requirements:

Bids are invited as stated on the solicitation cover sheet and must be returned by the date and time specified. Late bids will not be considered. All bids must be accompanied by the Affidavit, attached.

Insurance: The successful bidder will be required to provide certificates of insurance for general liability, vehicles and worker compensation in the amounts specified in the contract (attached) immediately upon notification that they are the successful bidder. A contract will not be issued without the required proof of insurance.

Basis of the Contract: Failure to submit a complete bid, inclusive of affidavits and requested information, may disqualify the bidder. ODWC reserves the right to make any inquiries to insure that the lowest bidder is actually able to complete the work in a satisfactory manner.

Pre-Bid Meeting: Mandatory Pre-Bid Meeting will be held at **10:00 AM Central Standard Time** on **September 22, 2026** at the following location:

**Black Kettle National Grasslands
18555 Hwy 47A Suite B
Cheyenne, OK 73628**

3. EXECUTION

Terms and conditions: As stated in the contract.

The contract will be issued by the Office of Management and Enterprise Services, Construction and Properties Division (OMES/CAP). The Contractor shall not begin work until the contract is in place and written notice to proceed has been issued by OMES/CAP.

Change Orders: Changes in the work shall not be undertaken without prior written authorization from OMES/CAP. Field personnel are not authorized to modify the scope of work in any way or to issue change orders to this contract. Contractor shall submit a written request for a proposed change, the reason for the proposed change and the increase or decrease in price and time required as a result of the change to the Certified Procurement Officer (CPO) noted in these documents. The CPO will seek any necessary approvals.

Scheduling: Awarded contractor shall provide Agency Representative with proposed work schedule prior to beginning work. If awarded multiple projects at one time, all sites must be completed within the required timeframe noted in the scope of work.

Travel: Contractor will not be compensated for travel to and from work sites.

Closeout: Upon completion of the work, Contractor shall conduct final inspection with Agency Representative and complete any corrective work as directed.
