The proposed contract is for approximately 190 hours use of an Excavator with operator. The operator must have at least 2 years of experience, and the Excavator needs to have the following minimum requirements: 37,000 lbs operating weight, and 100 horse power. Hour meter will be read on site at the beginning and upon completion of actual work to determine payable hours.

The proposed contract is for approximately 190 hours use of a D-5 Dozer with operator. The operator must have at least 2 years of experience, and the dozer must have the following minimum requirements: 22,000 lbs operating weight, 100 horse power, and dozer must be equipped with a six-way blade. Hour meter will be read on site at the beginning and upon completion of actual work to determine payable hours.

Work to include renovation of the firebreaks on the Cherokee Wildlife Management Area (WMA). Both Excavator and Dozer may work simultaneously at the same location or at different locations. All work must begin before March 2018, and will be done as directed by ODWC area biologist.
