----	---	-----------------------	--	--------	----	-------------	-----------	------------

The proposed contract is for all labor, materials, and equipment needed for turnkey installation including removal of existing generator and provide and install replace standby generator. Replace existing electrical components pertaining to generator operation as necessary.

and surge load capabilities as existing generator. Existing double throw, manual transfer switch is to be utilized. Existing generator trade-in will be accepted if vendor wishes to purchase item. If generator is not purchased as trade-in, item is to be retained by Oklahoma Department of Wildlife Conservation. Trade-in value is to be deducted from total bid price in quote.

Warranty: Provide manufacturer's standard warranty upon completion of work. Final payment will not be made until warranty is submitted. Contractor shall warrant all labor and materials for one (1) years commencing on the date of owner acceptance of completion of the work.

PRODUCTS

Provide all tools, equipment, supplies, and temporary facilities required to complete the work.

Scheduling: Provide Agency Representative with proposed work schedule prior to beginning work.

Demolition: Remove and dispose of any necessary project components.

Protection of Work: Cover exposed or unfinished project to protect building from water or weather damage.

Project Clean-Up: At the completion of the project, remove all project related debris, materials and equipment from staging, storage, and work areas. Repair any ruts left in sod areas

Closeout: At completion of the work, conduct final inspection with Agency Representative. Complete any corrective work as directed. Provide manufacturer's written warranty documents to Agency Representative

Total PO Amount

12,388.00
