

Coaches,

Well the time is near, archery season is upon us. As we get closer to our first qualification date I wanted to reach out and give you all the information you need to complete your qualification shoots. We look forward to seeing all your submissions and wish you all the best of luck.

Each week of the qualifying series you will submit a team score from one shoot that occurred during the week assigned. All of the scores submitted must be from the same shoot. You may participate in several shoots during the qualifying weeks, but all scores for your students must come from the same shoot. Once a score is submitted for the week, you may not submit another for the same week. You will submit 12 scores for your team. The 12 scores must fall within the gender balance rules set by NASP and the ODWC (I.E. top 4 Boys, top 4 girls, and your next 4 high regardless of gender).

You will use the excel form found in the link below to record and submit your teams score. Please submit your form to [kelly.boyer@odwc.ok.gov](mailto:kelly.boyer@odwc.ok.gov) by the last day of the qualifying week. Please submit all divisions (elementary school, middle school, high school, and Varsity Archery) on one form. There are tabs for each division at the bottom of the score form. Make sure you use the proper form for each division.

You may substitute archers from week to week as needed.

We will accept the following forms of a shoot as a qualifying shoot:

- Tournament score
- Inner-school shoot ( where you shoot against another school)
- Virtual shoot (must be observed by an administrator of the school or another school's Coach or BAI to be accepted)

**For NASP:**

Scores must be taken using 80cm FITA face paper targets. Many lines on bag or other targets are not the same thickness thus leads to an advantage in scoring. These target faces can be purchased through NASP or Morrell Archery Targets.

**For Varsity Archery:**

Scores must be taken from the approved Varsity Archery turkey target. In the link below you will find printable file types of the Varsity Archery turkey target. You may print whatever you need for practice or shoots. The print size is 34"W x 32"T for each target. If you are hosting a tournament or an inner-school shoot with a Varsity Archery division, please reach out to me. NASP does not want us to use their system for registration and scoring. I have a registration form as well as a scoring form that can be used. You will need to calculate the scores by hand. I am working on a format with the "Arrow Score"

system that will act very similarly to the NASP system. However that has not been completed at this time.

If you are shooting a virtual score, your school administrator or another school's coach or BAI must be present during the collection of scores. That administrator/BAI must submit an email to me ([kelly.boyer@odwc.ok.gov](mailto:kelly.boyer@odwc.ok.gov)) stating that they witnessed the shoot and that they ensure integrity of the scores. This communication must be sent before the score will be accepted.

**Here are the dates for the qualifiers:**

Week 1 Qualifier: December, 3 – December, 18

Week 2 Qualifier: January, 6 – January, 15

Week 3 Qualifier: January, 16 – January, 22

If you are in need of assistance to run or setup a shoot during one of the qualifying weeks you may reach out to Brian Jackson with "TNT on the Go". He offers a mobile service to assist in hosting archery tournaments and we highly recommend his services if you so need them. You can contact Brian at (918) 680-0930 for his availability and pricing.

**Submitting Scores:**

Submit your scores to: [kelly.boyer@odwc.ok.gov](mailto:kelly.boyer@odwc.ok.gov)

When you are ready to submit your scores, in the subject line of your email, please put this format;

**School Name, Week # Score**

Once I receive your score and record it you will receive a confirmation reply that it has been received. If you do not receive a confirmation that I have received your emailed score please reach out to me and I will investigate.

Once again the scores will all be averaged at the end of the series. In the event of a tie the average number of 10's will break the tie. If you fail to submit a week you will receive a zero for that week and it will be averaged into your qualifying score. This average score will determine what tier your school will shoot at the state shoot.

All of this information and the score sheets for all the weeks will be posted on our website.

If anything comes up or you have any questions along the way please do not hesitate to reach out. I will try to be as accommodating as I can be but please know we only have so much time to get all the scores in and tiers assigned. Good luck and have fun.
